

# Safety, Quality and Environment Policy

## Statement

At Landscape Australia Construction, we are committed to achieving the highest standards of Safety, Quality and Environmental (SQE) performance. We recognize that these are critical elements of our business and are essential to our long-term success.

Our policy is to ensure we operate in a manner that protects the health and safety of our employees and stakeholders, minimizes the environmental impact of our activities, and delivers products and services of the highest quality as far as reasonably practicable and within our ability to control and influence the outcome.

## Safety

- We are committed to providing a safe and healthy workplace for our employees, contractors, and visitors. We will comply with all relevant workplace health and safety legislation and regulations and implement appropriate controls to manage hazards and prevent incidents.
- We will provide appropriate training, supervision, and resources to ensure that all employees are aware of their responsibilities for safety and are equipped with the knowledge and skills to perform their work safely.
- We will conduct regular safety audits and inspections to identify potential hazards and opportunities for improvement and implement corrective actions where necessary.
- We will promote a culture of safety by encouraging open communication, active participation, and continuous improvement.

## Quality

- We are committed to delivering products and services that meet or exceed our customers' expectations. We will establish and maintain robust Quality Management System that complies with applicable standards and regulations, and continuously improves our processes and products.
- We will monitor and measure our performance against key quality indicators and take corrective actions where necessary to ensure that we meet our quality objectives.
- We will provide appropriate training and resources to ensure that all employees understand the importance of quality and are equipped with the knowledge and skills to maintain high standards.
- We will engage with our customers to understand their needs and expectations and work collaboratively with them to deliver the best possible outcomes.

## Environment

- We are committed to minimizing the impact of our activities on the environment. We will comply with all applicable environmental legislation and regulations and implement appropriate controls to manage our environmental risks.
- We will set targets and objectives to minimise waste, emissions, and the use of natural resources in our operations.
- We will promote environmental awareness and best practices among our employees and stakeholders and encourage them to participate in our efforts to reduce our environmental impact.
- Continuously improving our environmental performance through regular review and monitoring of our environmental management systems.

We will regularly review and update our SQE policy to ensure that it remains relevant and effective. We expect all employees and contractors to support and adhere to this policy.
